Our Services

DEBT RECOVERY & COLLECTION SERVICES

PROFESSIONAL SOLUTIONS FOR COMMERCIAL, CORPORATE
AND UTILITY-RELATED DEBT RECOVERY

We specialise in providing professional debt recovery and collection services, including customer follow-up, payment recovery management, negotiation, and account monitoring services. Our solutions are tailored to support commercial, corporate, and utility-related operations across various industries.

Our experienced recovery team focuses on ethical, efficient, and compliant collection practices while maintaining professionalism and customer confidentiality throughout the recovery process.

We provide structured recovery solutions designed to improve cash flow management, reduce outstanding debts, and support long-term business sustainability.

CONSTRUCTION SERVICES

We are specialised and focus in design, construction and maintenance of infrastructure projects

Site Preparation Works

Earthwork, demolition works, and temporary facilities and infrastructure construction, including building temporary site offices, workshops and warehouses.

Civil Works

Reinforced concrete foundations, pipe supports, ponds, pits, underground and open drainage networks, paving work (including use of gravel, concrete and asphalt) and related plant civil maintenance works.

Building Works

Construction of building sub-stations, field auxiliary rooms, workshops and storage buildings, including renovation, refurbishment, and upgrading of existing structures.

CONSTRUCTION SERVICES

We are specialised and focus in design, construction and maintenance of infrastructure projects

DEMOLITION & DISMANTLING WORKS

Safe, Controlled and Efficient Structural Removal

We specialise in demolition and dismantling works for industrial, commercial, and infrastructure projects. Our services ensure safe, controlled, and environmentally responsible removal of structures, supported by experienced personnel and advanced equipment.

SCOPE OF SERVICES

- ✓ Building demolition (partial & full)
- ✓ Structural dismantling works
- ✓ Industrial plant dismantling
- ✓ Scrap recovery & material segregation
- ✓ Site clearing and debris removal
- ✓ Controlled and safe execution
